

NYMAGEE *Outback Music Festival*

Camping available but few facilities so bring all that you need.

The Nymagee Outback Music Festival...yes it's real, though, like the sixties, if you weren't there it's impossible to explain anyway. This year the action continues with a single day of frenzied activity...**it's our 10th Birthday!** Multiple stages, new and improved artists (as well as the crusty old ones that you've come to know and love), all the important things remain. A day in the dirt - a free family fun day in the geographic centre of the state. Start packing your swag in preparation for **Nymagee 09 – A Day in the Dirt.**
